MEMO FROM: Fairlee Selectmen

RE: TOWN FOREST FUTURE PLANS

Dave Paganelli, Orange County Forester, has accepted an invitation to attend a meeting of the Selectmen on Monday January 23, 1995 at 6:00 pm. The Selectmen are interested in discussing the scope of services available from the County Forester and the timeframes for these services to be accomplished. Interested parties are welcome to attend.

cc: David Paganelli, Orange County Forester

Selectman J. Dennis Farmer is member taking the lead on town forest matters. He proposes changing "article" at Town Mtg that requires all mgt to be done by the State of Vermont, so that mgt may be done by others if the State is unwilling to provide the services requested by the Town. He wants a mandate from the town to do additional mgt. He wants to set up an advisory or oversight board with a representative from the select board, planning commission, Lange board & 2 members @ large. They will get back to me if they want management assistance from the State.
