

for pre bid of 6 Feb '13

Proposed Features for the Fairlee Town Forest 15 Year Plan/Map
Draft of 29 January 2013

Management Agenda

- recreation
- wildlife habitat
- timber income

Standard stand descriptions

timber inventory

Ultimately receive certification to increase potential markets

Identification of timber stands

Layout of trails

- logging roads and proposed logging roads
- landings and proposed landings
- primary skid trails
- secondary skid trails (if they don't "dead end")

Note any sites with historic value

10% to 15% of each stand harvest to early succession (patch) cuts

- vary in size of ½ acre to two acres
- perhaps poor sites could be put in to clear cuts

Along with managing for the above, we would like the property lines blazed

Income and expenses must be tracked as follows

- Fairlee Town Forest
- Lange Forest
- Gravel Pit
