Hi Bill,

Just preparing to head off to the meeting this morning and wanted to check on any current messages. I am a bit unsure of the reason that I am included in the meeting today, as the town has agreed to proceed with Markus and Limlaw. As we discussed earlier, this was my recommendation, and I am pleased they have taken this approach. Not certain that I will have any input on trail location, but I will advocate for complete protection of the foundation area.

One other thing that you should be aware of. I suggested to the SB that they might consider starting fresh with a new FB. Cathy seemed a bit receptive, Peter not at all. They were the only two SB members present at that time. I think it will be very difficult to change the course of future management and to effectively block ATV and mudtruck access, if the current FB remains in place.

More later.

Best,  
David
