Hello Bill,
Thank you for your offer to assist. At this time we'll decline your assistance, as we are working closely with our Forester on this matter.
We do look forward to working with you and others on the future development of the Town Forest.
Best regards,
Tad Nunez, Town Administrator
Fairlee, VT

Tad, from the meeting of 11/9/2020, I'll be happy to help you or Lisa with the accounting for the logging check.

I've already helped with some of the entries she's asked about and I've let her know I can resume as soon as she's getting into her year-end work.
