Mr. Bill Weale
637 Lake Morey Road
Fairlee, Vermont 05045

Dear Mr. Weale,

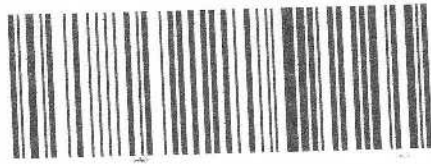

I write to inform you that the Town will cease collaboration with you regarding management of the Town Forest going forward.

Over the past few years, the Town acknowledges that you have contributed a great deal of historical information to this Board in regard to the Fairlee Town Forest. However, after a review of your recent correspondences with the Board and Town staff members, the Board has concluded that it is no longer advantageous to continue trying to collaborate with you over matters regarding the management of the Town Forest given your baseless, accusatory, and threatening correspondences pertaining to Fairlee Town Forest management.

Going forward, the Town will continue to work with Vermont State officials, Fairlee citizen groups, individuals, and Boards who work with us in a positive manner to manage the Town's natural assets. Unfortunately, given your attitude, the Board no longer finds itself able to work with you in a positive and helpful manner.

Sincerely yours,

Peter Berger, Selectboard Chair
